

ABHIJITH N

Software Developer

+91-7736237024 | jabhi8761@gmail.com | linkedin.com/in/abhi-jith-n

PROFESSIONAL SUMMARY

Results-oriented Software Developer with hands-on experience building web applications using Python, Django, and SQL. Demonstrated ability to design role-based systems, integrate secure data workflows, and deliver production-quality software. Seeking a developer role to apply strong problemsolving skills.

TECHNICAL SKILLS

Object-Oriented Programming (OOP) | Python | C# | C | JavaScript | HTML | CSS | Django | | SQL | MySQL | Visual Studio | Pycharm | Git repo

PROJECTS

CareTrack – Remote Patient Follow-Up System

Feb 2026 – Mar 2026

Python, React, SQLite

- Developed a full-stack remote healthcare platform enabling patient follow-up, recovery monitoring, and real-time health check-ins.
- Implemented role-based dashboards for Admin, Doctor, Patient, and Nurse with real-time data features.
- Built alert detection and doctor response modules to ensure timely medical intervention.
- Integrated QR-based prescription verification system to improve security and reduce prescription fraud.

MyFeeStatus – Fee Tracking System

Aug 2025 – Oct 2025

Python, Django, MySQL

- Built a web-based fee management system with role-based access control (RBAC) for administrators and students.
- Designed and implemented features for fee tracking, dues management, automated receipt generation, and reporting dashboards.
- Developed secure database models using Django ORM for reliable transaction handling and audit trails.

EDUCATION

Master of Computer Applications (MCA) APJ

2024 – 2026

Abdul Kalam Technological University

Bachelor of Science in Computer Science (B.Sc. CS)

2021 – 2024

University of Kerala

CERTIFICATIONS

21 Days Masterclass on Python Programming – Pantech e Learning Pvt Ltd | Oct – Nov 2023 | Certificate No: PAN_PYMC11_585

Database Management System (DBMS) – NPTEL | Jul – Sep 2025 | Score: 54/100 | Duration: 8 weeks
